SUBJECT: ADDENDUM NO. 7
                REQUEST FOR PROPOSAL NO. 2004-3494
                COMET – PENSION SYSTEM RESUMPTION PROJECT

Addendum Number 7 shall be incorporated into the Request for Proposal (RFP) documents.

The following technical requirements have been changed to clarify the intent of these requirements. Responses should be limited to systems identified as part of the QBP's proposed solution and not existing systems at CalPERS.

Section	Revised Language
V.G.2	Technical Requirement T-81 was revised to read as follows: The proposed solution must implement mechanisms that maintain a consistent level of protections for processes, data, and resources, and systems for the systems proposed.
V.G.2	Technical Requirement T-82 was revised to read as follows: The proposed solution must implement mechanisms that maintain a consistent level of security during processes and activities that represent changes to processes, data, and resources, and systems for the systems proposed.
V.G.2	Technical Requirement T-83 was revised to read as follows: The proposed solution must implement mechanisms that document and control version and defect management, code collection and access controls, and track essential configuration management elements to maintain a consistent level of protections for processes, data, and resources, and systems for the systems proposed.
V.G.2	Technical Requirement T-84 was revised to read as follows: The proposed solution must implement mechanisms that maintain a consistent level of security during processes and activities associated with access to processes, data, and resources, and systems for the systems proposed.

Section	Revised Language
V.G.2	Technical Requirement T-86 was revised to read as follows: The proposed solution must implement mechanisms that provide a consistent level of security in the event of system failure that assures recovery of processes, data, <u>and</u> resources~~, and systems to the previously established safe state~~ <u>for the systems proposed</u>.
V.G.2	Technical Requirement T-95 was deleted.

The enclosed CD-ROM incorporates language changes made in previous Addenda and reflects revisions to the RFP language as listed above. We appreciate your interest in our Project and look forward to your continued participation in the procurement process.

Sincerely,
